Documentation

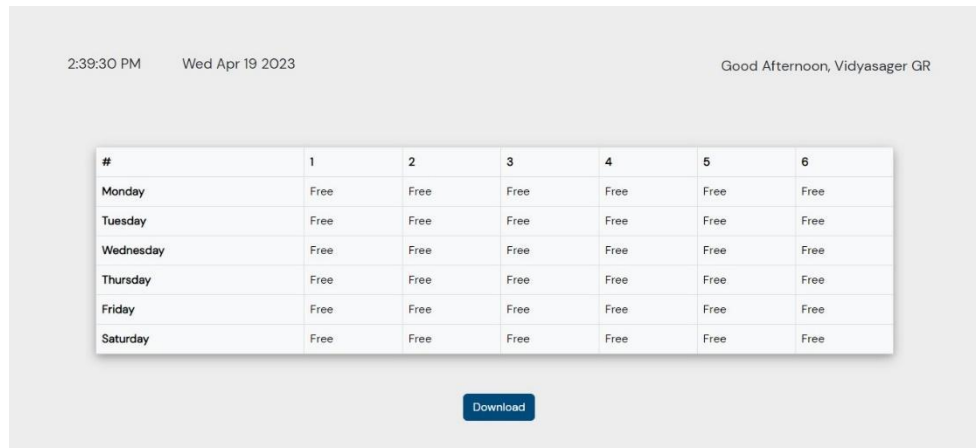

1. [Download Schedule](#)
2. [Change Password](#)

Login

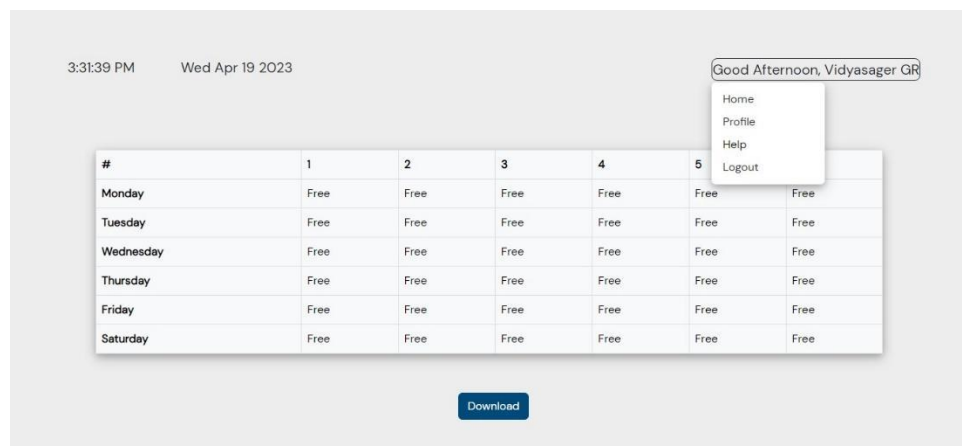

When the Web Application is launched, the user will land on the Home page where he/she can then Login.

Main Page

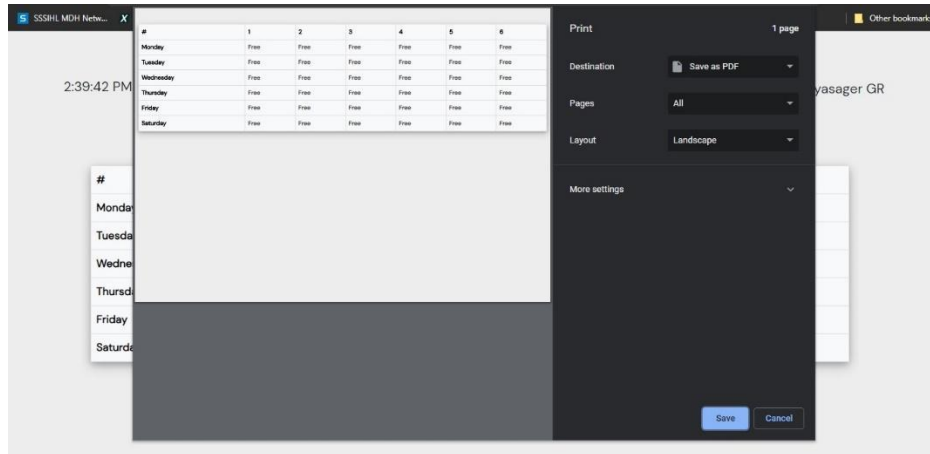

As a Student, you have the permission to download or print your class schedule. The greeting on the top right of the screen is a hidden button which on being clicked will show a few more actions you can perform.

Download Schedule

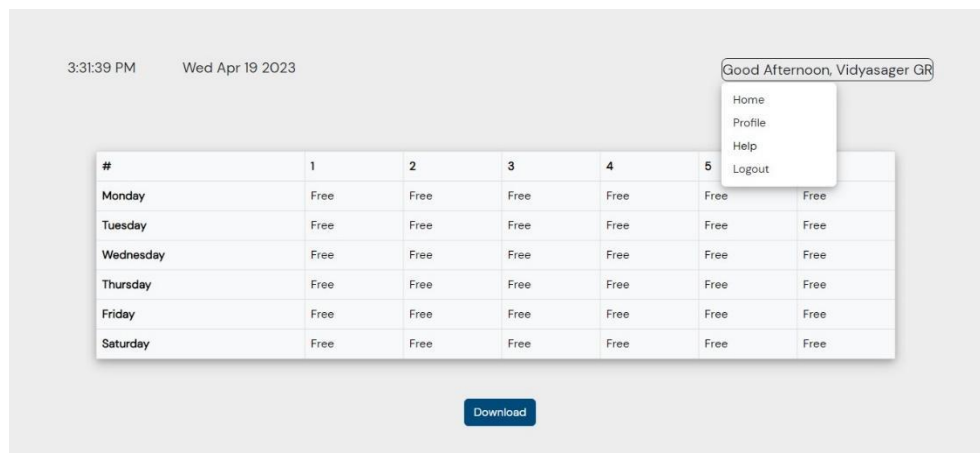

When you do have a schedule allotted to you, it will appear in the Main Page. The "Download" button when clicked will let you to either download your schedule as a PDF or to print it on paper.

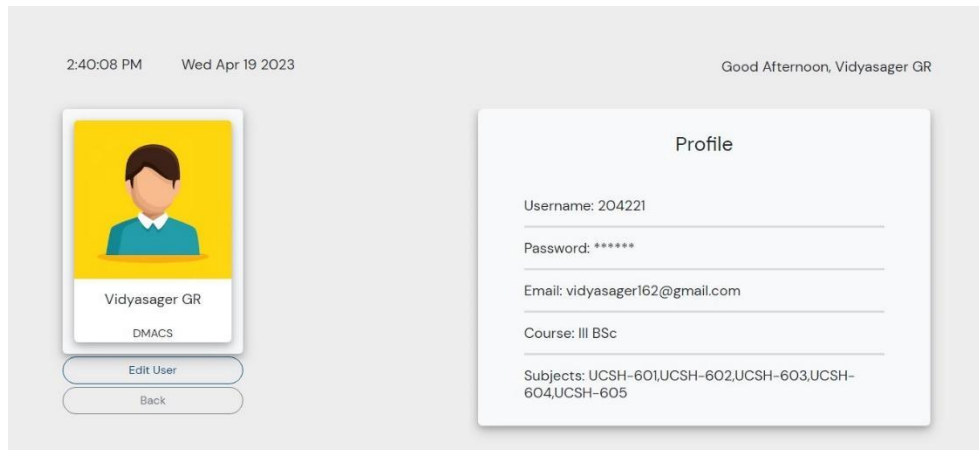

Change Password

Security is very important, so to avoid any safety risks, you have the option to change your default password “sairam” to anything you want.

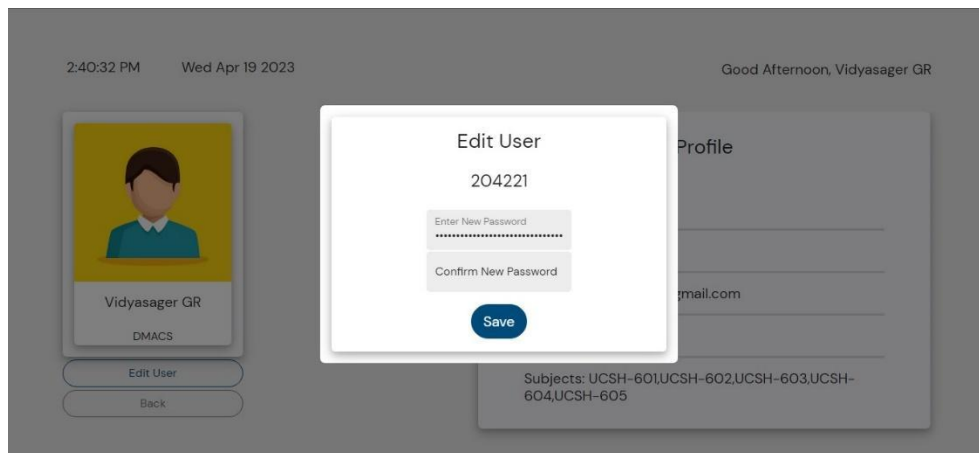

How to do that? The [Hidden Button](#) should help you out.

Click on the Profile button to land in your profile page. There you can see your user details such as your Name, Username, Email, Department, Courses Taught and Subjects Taught by you.

Click on Edit User to change your password. The button will spawn a small pop-up form to accommodate changing your password. It's that easy.

That wraps up all the tasks you as a student can perform in this application. Do enjoy using it!!
